PROFILE

Frontend developer focused on React, JavaScript, reusable UI components and responsive, user-centered web applications. Built and deployed multiple real-world portfolio products, including MedicalCare, InterviewSim and CX Agent Assist. Experience connecting interfaces to APIs, managing form-driven workflows, debugging, and iterating on functionality based on user feedback.

FLAGSHIP PROJECTS

MedicalCare | React-Based Clinic Management Application

Built patient, treatment and appointment interfaces with searchable records, forms, protected views and reusable components. React, JavaScript, Vite, RESTful data access and responsive UX; pilot feedback from therapists.

InterviewSim | Responsive React Interview Application

Developed bilingual React screens for role-specific practice, speech input where supported, session history, feedback and resume/job workflows; accessible RTL/LTR layouts.

CX Agent Assist | React Support Dashboard

Created reusable support UI, navigation, ticket filtering, editable draft responses, searchable knowledge articles and responsive layouts; API-assisted conversation mode.

EXPERIENCE

IT & No-Code Automation Volunteer | Election Campaign Headquarters | 2026–Present

Provide Airtable workflow support, UI/process troubleshooting and improvements for operational users.

Frontend & AI Application Developer | Independent Projects | 2025–Present

Scope, build, test and deploy React applications integrating APIs, data services and AI-assisted workflows; maintain GitHub project documentation.

Hydrotherapist & Specialized Instructor | 2003–2024

Translated complex needs into practical care plans; built communication, stakeholder and user-centered problem-solving skills.

TECHNICAL SKILLS

Frontend: React, React Hooks, JavaScript (ES6+), HTML5, CSS3, Vite, responsive UI, RTL/LTR | Integration: REST APIs, JSON, Supabase | Quality: Git, GitHub, Jest, React Testing Library, Vercel | Additional exposure: TypeScript, Next.js

EDUCATION & LANGUAGES

Frontend training — she codes; AI & automation coursework and independent study | Hebrew: native; English: professional reading, writing and communication
